ECOFOAM

Ecotone Acoustics one of the most premium Acoustic Foams Seller in India.

Ecotone Acoustic foam panels are composed of high density polyurethane foam material.

Our Acoustic foams are manufactured and designed with high sound trapping and noise cancelling capacity, making it very suitable for Conference Rooms, Theatres, studio and home recording.

ECOFOAM

ACOUSTIC FOAMS

- As a music lover, Creator or Professional , your relationship with sound must be harmonious.
- At Soundflex we created high quality Acoustic Foam Panels with high Density and Environment friendly Material.

The advertisement features a large background image of black acoustic foam panels with a pyramid pattern. A red circular callout shows a close-up of the foam's structure. A pair of hands is shown holding a piece of the foam, demonstrating its flexibility. The text is arranged in a clean, modern layout with a white background and red accents.

ECOFOAM

ACOUSTIC FOAMS

The echos and noise of sounds will gradually dissipate by passing through the numerous tiny holes of the sound absorbing foam.

ECOFOAM

ENVIRONMENTAL-FRIENDLY MATERIAL

Made up of environmental friendly polyurethane which will not cause any harm to our body. **ECOFOAM** acoustic foam guarantees the safety of the product while ensuring good product performance.

ECOFOAM

ACOUSTIC FOAMS

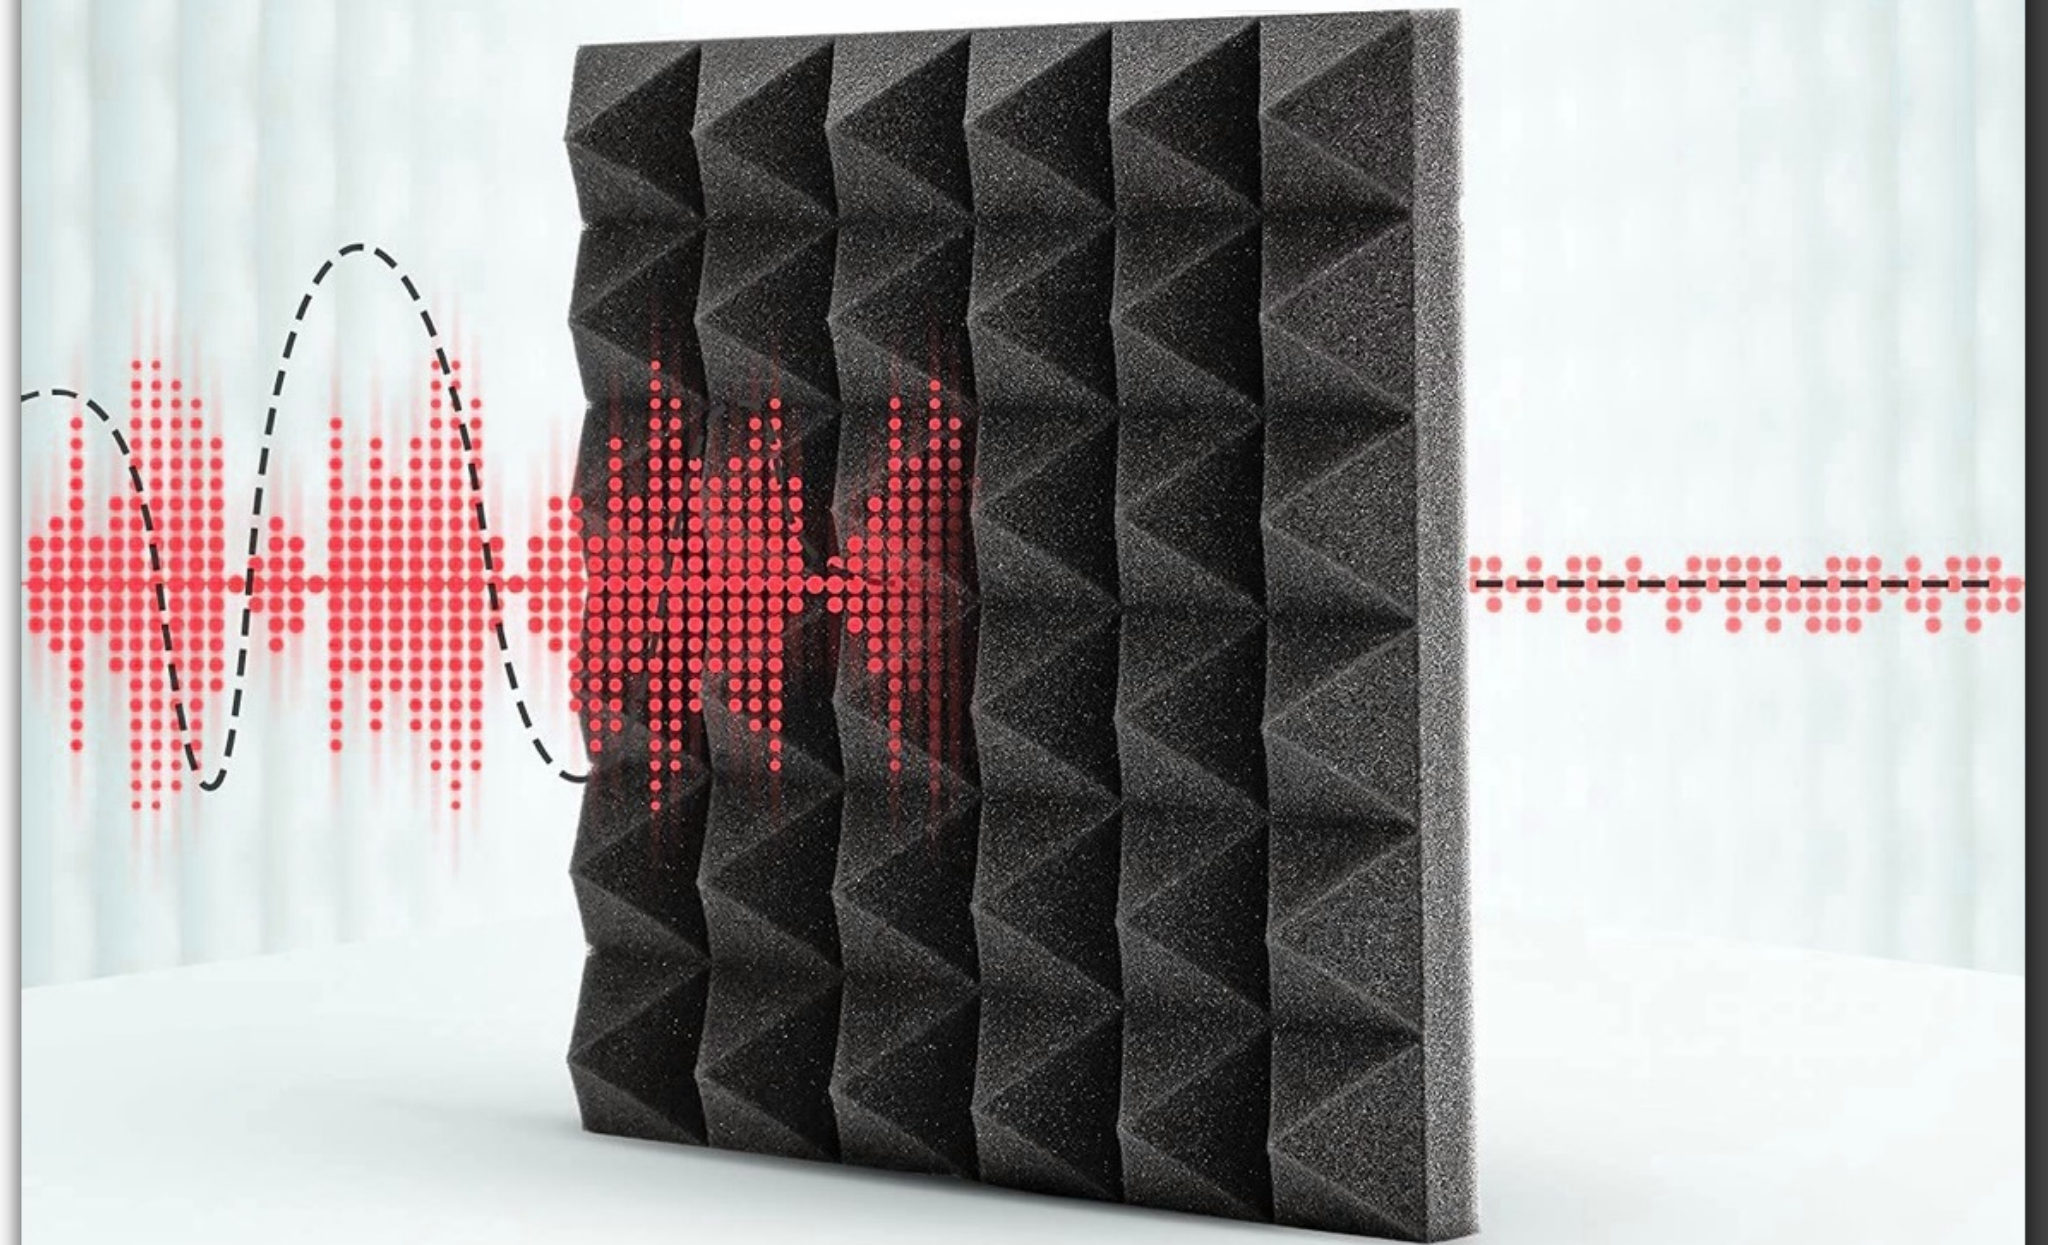

Sound Absorption Principle NRC and STC

- The Science behind these panels are that sound waves collide with the material and then are transformed into energy.
- The Average NRC Rating across various frequencies is 0.92 and STC is 25. High density ecofoam acoustic foams has an ability to absorb 92% of the sound that strike it's surface and reduces around 25dB.

HOW DOES SOUNDPROOFING FOAM WORKS

When sound hits the wall, instead of bouncing back or traveling through the wall, some of the sounds get absorbed by the foam material. This reduces echoes and helps create a quieter environment, which is why foam is often used in music recording studios.

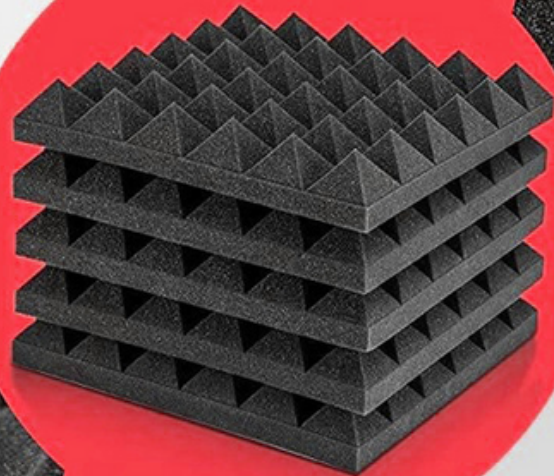

ECOFOAM

ECOFOAM

IMPACT RESISTANCE

ECOFOAM Acoustic Foam Panels have great ability of anti-extrusion and moisture resistance. Its performance will not change even after a long-term use.

ECOFOAM

FIRE-RESISTANT

Preventing the spread of fire,
reducing the possibility of
danger.

ECOFOAM

FLAME RETARDANT, STOP FIRE FROM SPREADING AND REDUCE INTENSITY

Stop burning after the fire source fading, make your home or office safer. Made up of high quality polyurethane foam, the acoustic panels not only effectively reduce noise, but also keep us away from the danger of fire. As we add flame retardant formula in sponge to reduce sudden danger and ensure safety.

ECOFOAM

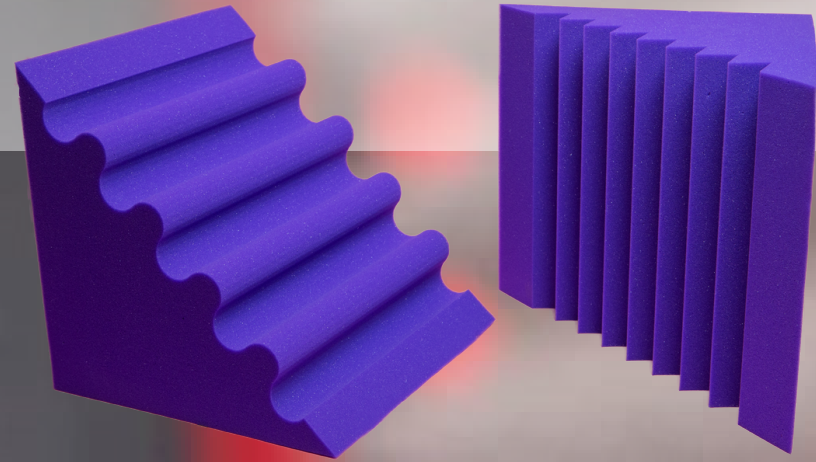

What Makes Ecofoam Acoustics Better than others?

- EXCELLENT SOUNDPROOFING AND ABSORPTION.
- HIGH DENSITY & SAFE MATERIAL
- HIGH-QUALITY FLAME-RETARDANT MATERIAL
- CLEAR & PERFECT AUDIO EVERYTIME
- WIDE & VARIOUS APPLICATIONS
- EASY TO INSTALL
- AFTER-SALE SERVICE GUARANTEE

UNPARALLELED BENEFITS

ECOFOAM
ACOUSTIC FOAMS

-  MEDIUM AND HIGH FREQUENCY NOISE REDUCTION
-  ELIMINATE ECHOES & REFLECTION
-  EASY TO INSTALL & AFFORDABLE
-  INCREASE SOUND CLARITY
-  CREATE AN ENJOYABLE ROOM THAT YOU LOVE

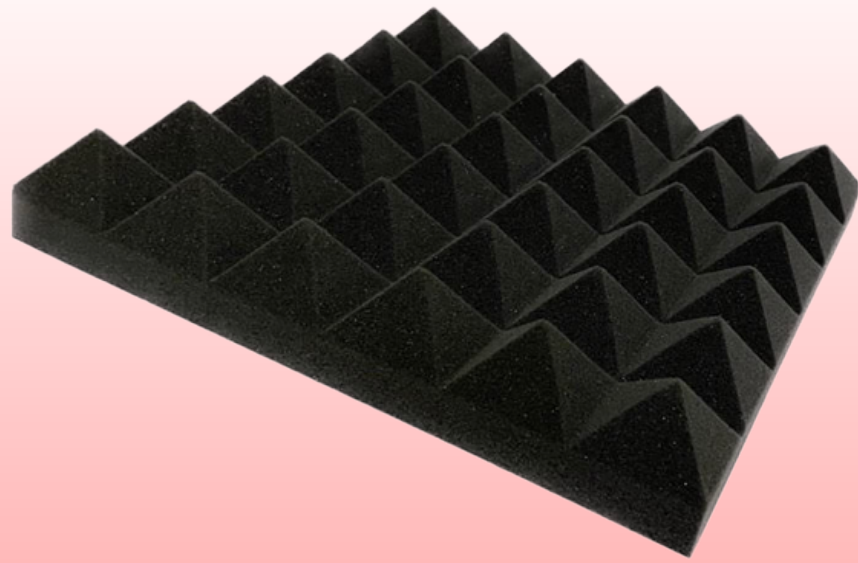

ECOFOAM

OUR RANGE OF PRODUCTS

- PYRAMID ACOUSTICS
- WEDGE ACOUSTICS
- TURBO ACOUSTICS
- CADBURY ACOUSTICS
- T-WEDGE ACOUSTICS
- EGG TRAY ACOUSTICS
- LINE DIFFUSER ACOUSTICS
- WOODX ACOUSTICS
- CORNER BASS TRAPS
- PLAIN ACOUSTIC FOAM
- CUBE ACOUSTIC FOAM

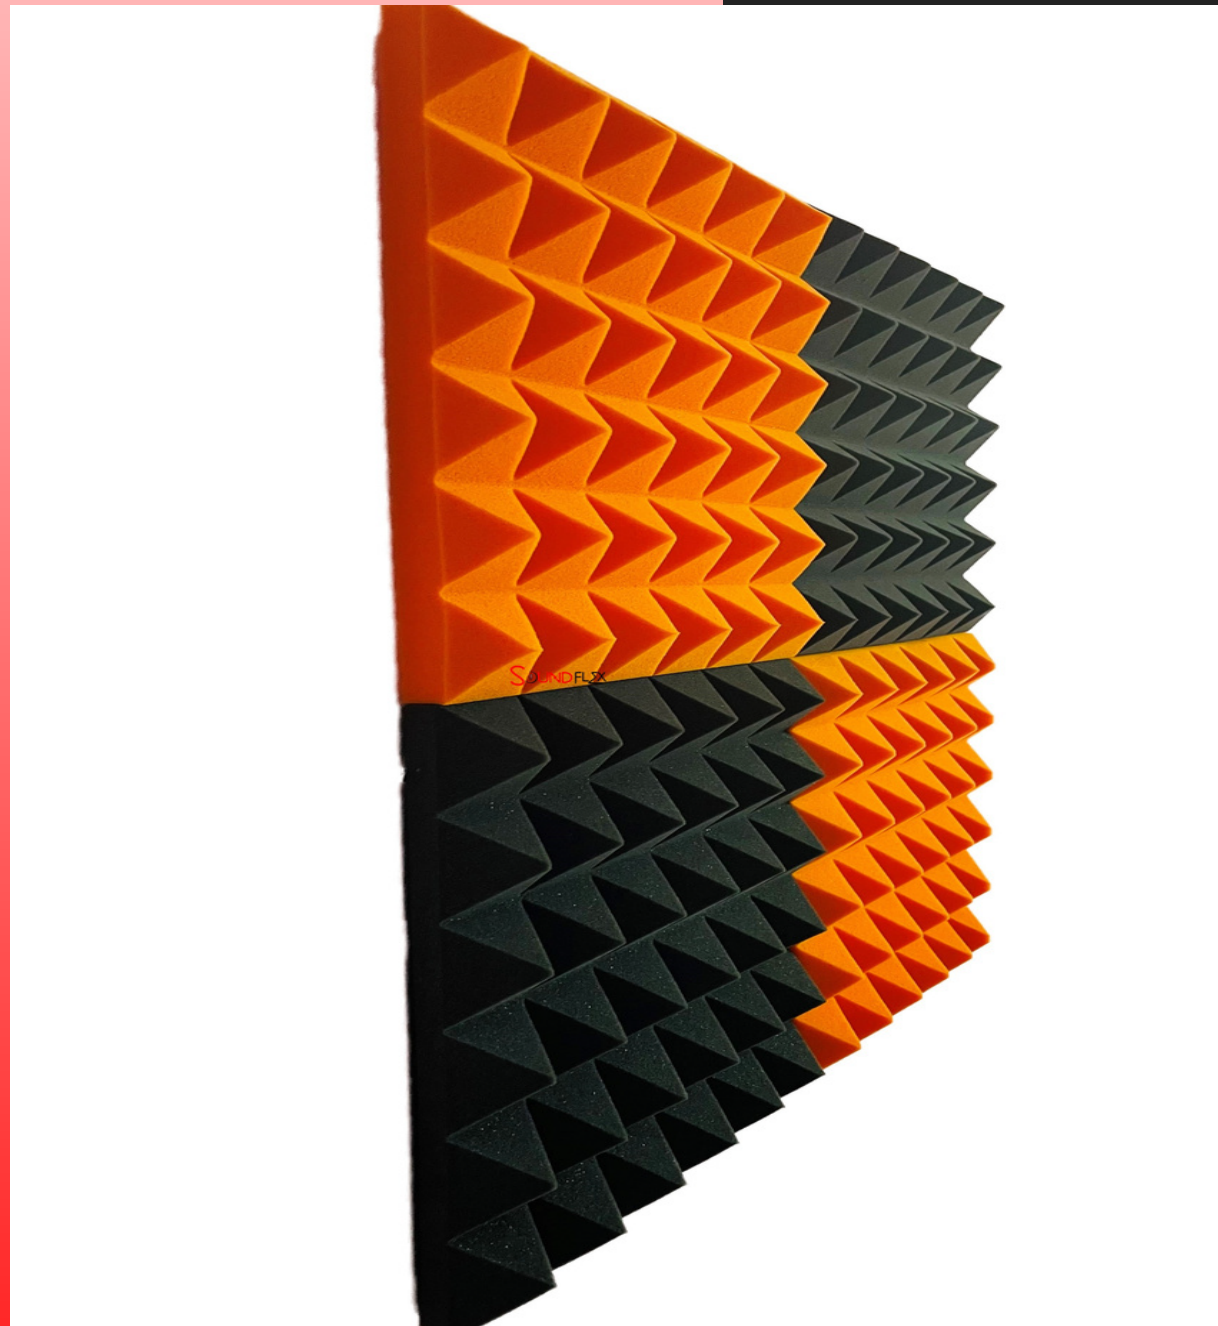

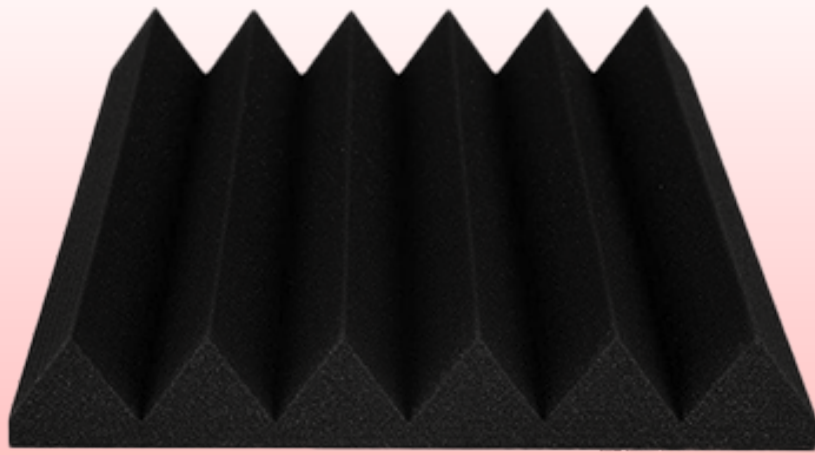

ECOFOAM

ACOUSTIC FOAMS

PYRAMID ACOUSTICS

- Size : 1"x1" feet, 2"x2" feet, 6"x3" feet, and custom
- Thickness : 50mm, 75mm, 100mm, 125mm and custom
- Colours : Charcoal, Red, Blue, Purple, Orange, Brown

ECOFOAM

ACOUSTIC FOAMS

WEDGE ACOUSTICS

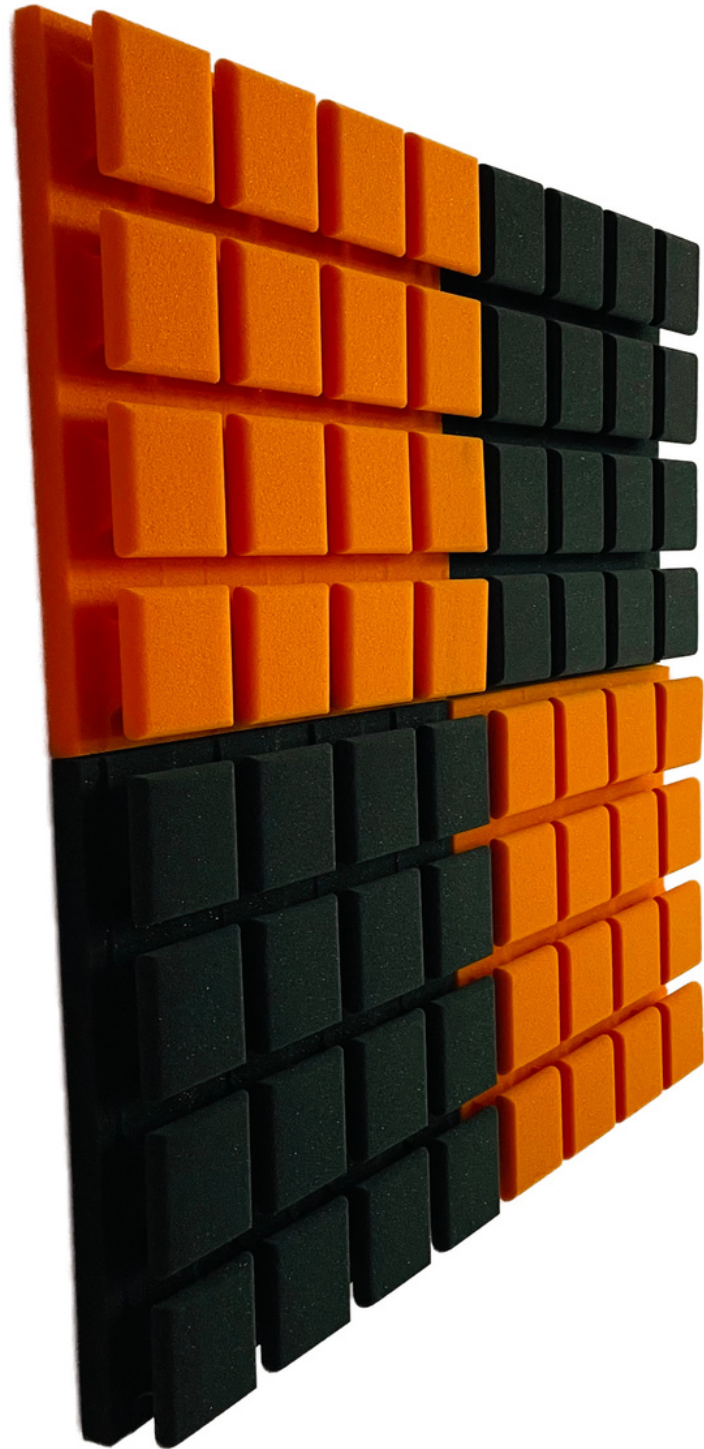

- Size : 1"x1" feet, 2"x2" feet, 6"x3" feet, and custom
- Thickness : 50mm, 75mm, 100mm and custom
- Colours : Charcoal, Red, Blue, Purple, Orange, Brown

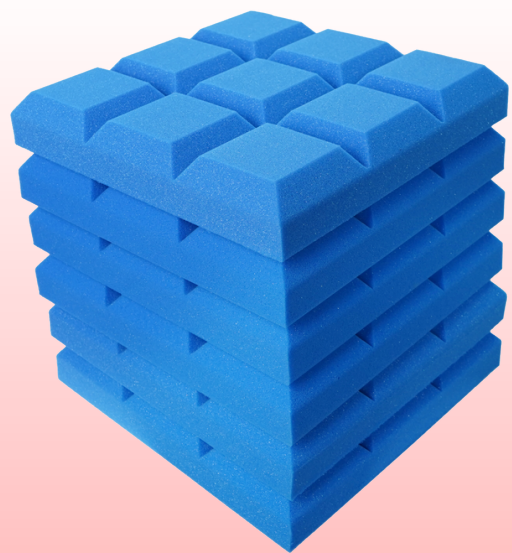

ECOFOAM

ACOUSTIC FOAMS

TURBO ACOUSTICS

- Size : 1"x1" feet, 2"x2" feet, 6"x3" feet, and custom
- Thickness : 50mm, 75mm, 100mm and custom
- Colours : Charcoal, Red, Blue, Purple, Orange, Brown

ECOFOAM

ACOUSTIC FOAMS

CADBURY ACOUSTICS

- Size : 1"x1" feet, 2"x2" feet, 6"x3" feet, and custom
- Thickness : 50mm, 75mm, 100mm and custom
- Colours : Charcoal, Red, Blue, Purple, Orange, Brown

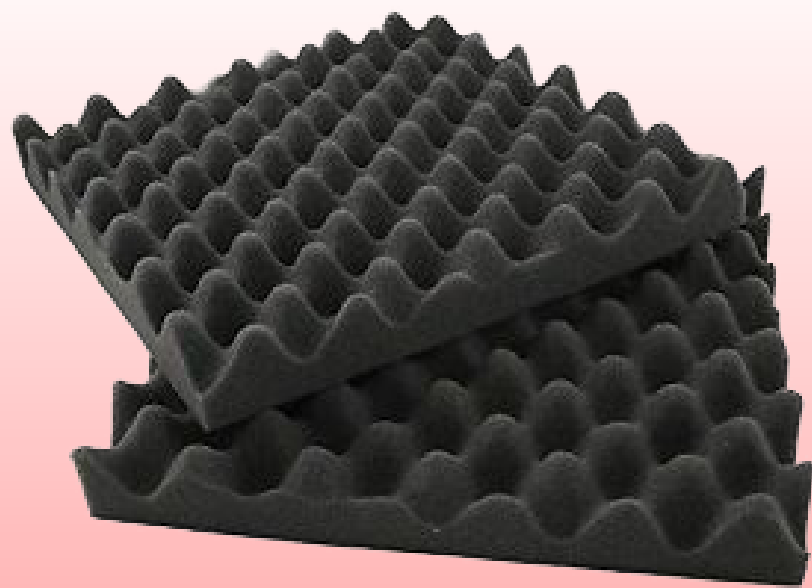

ECOFOAM

ACOUSTIC FOAMS

T-WEDGE ACOUSTICS

- Size : 1"x1" feet, 2"x2" feet, 6"x3" feet, and custom
- Thickness : 50mm, 75mm, 100mm and custom
- Colours : Charcoal, Red, Blue, Purple, Orange, Brown

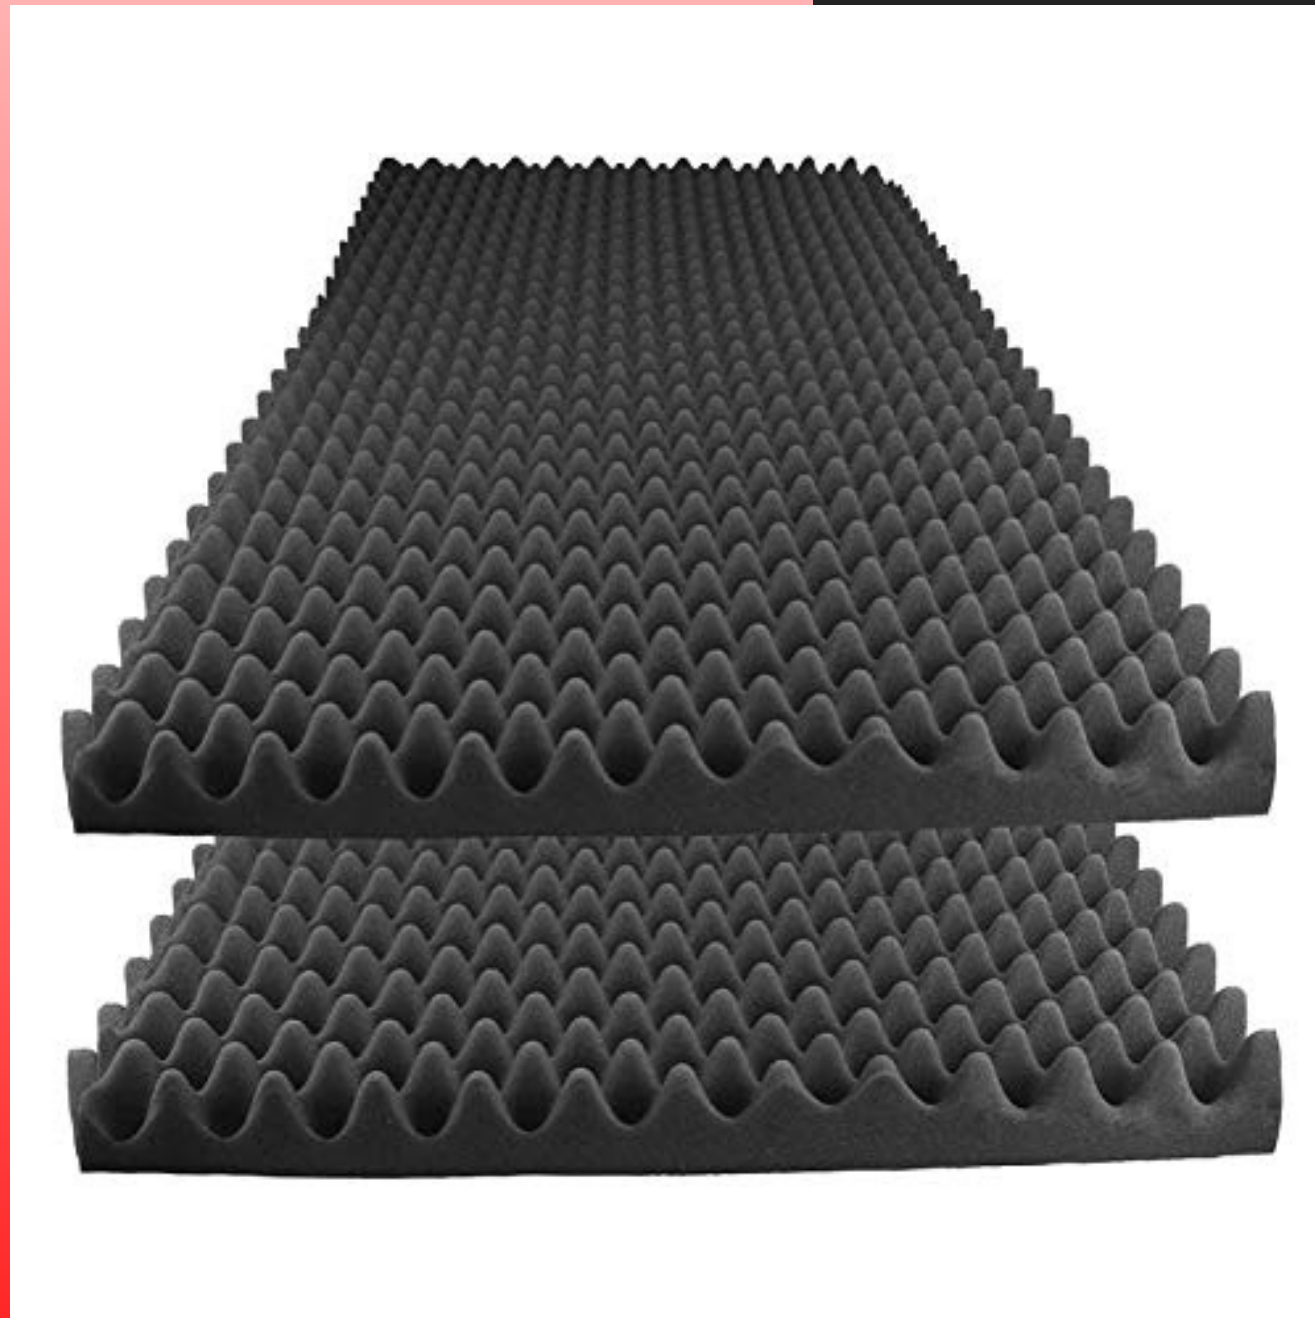

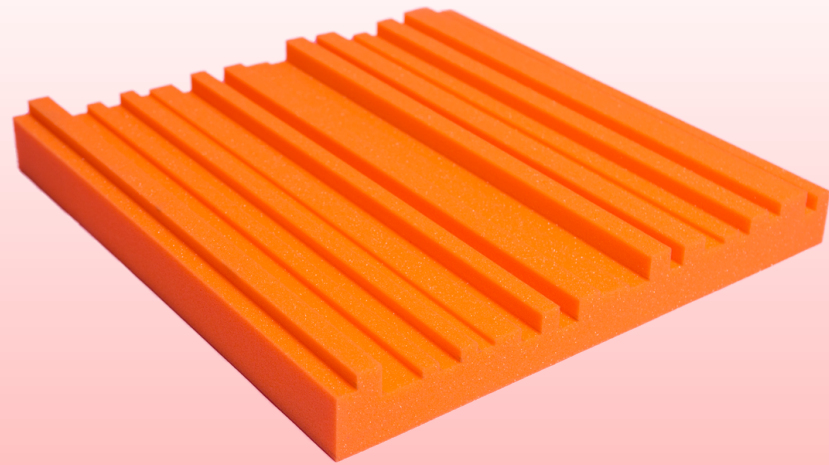

ECOFOAM

ACOUSTIC FOAMS

EGG TRAY ACOUSTICS

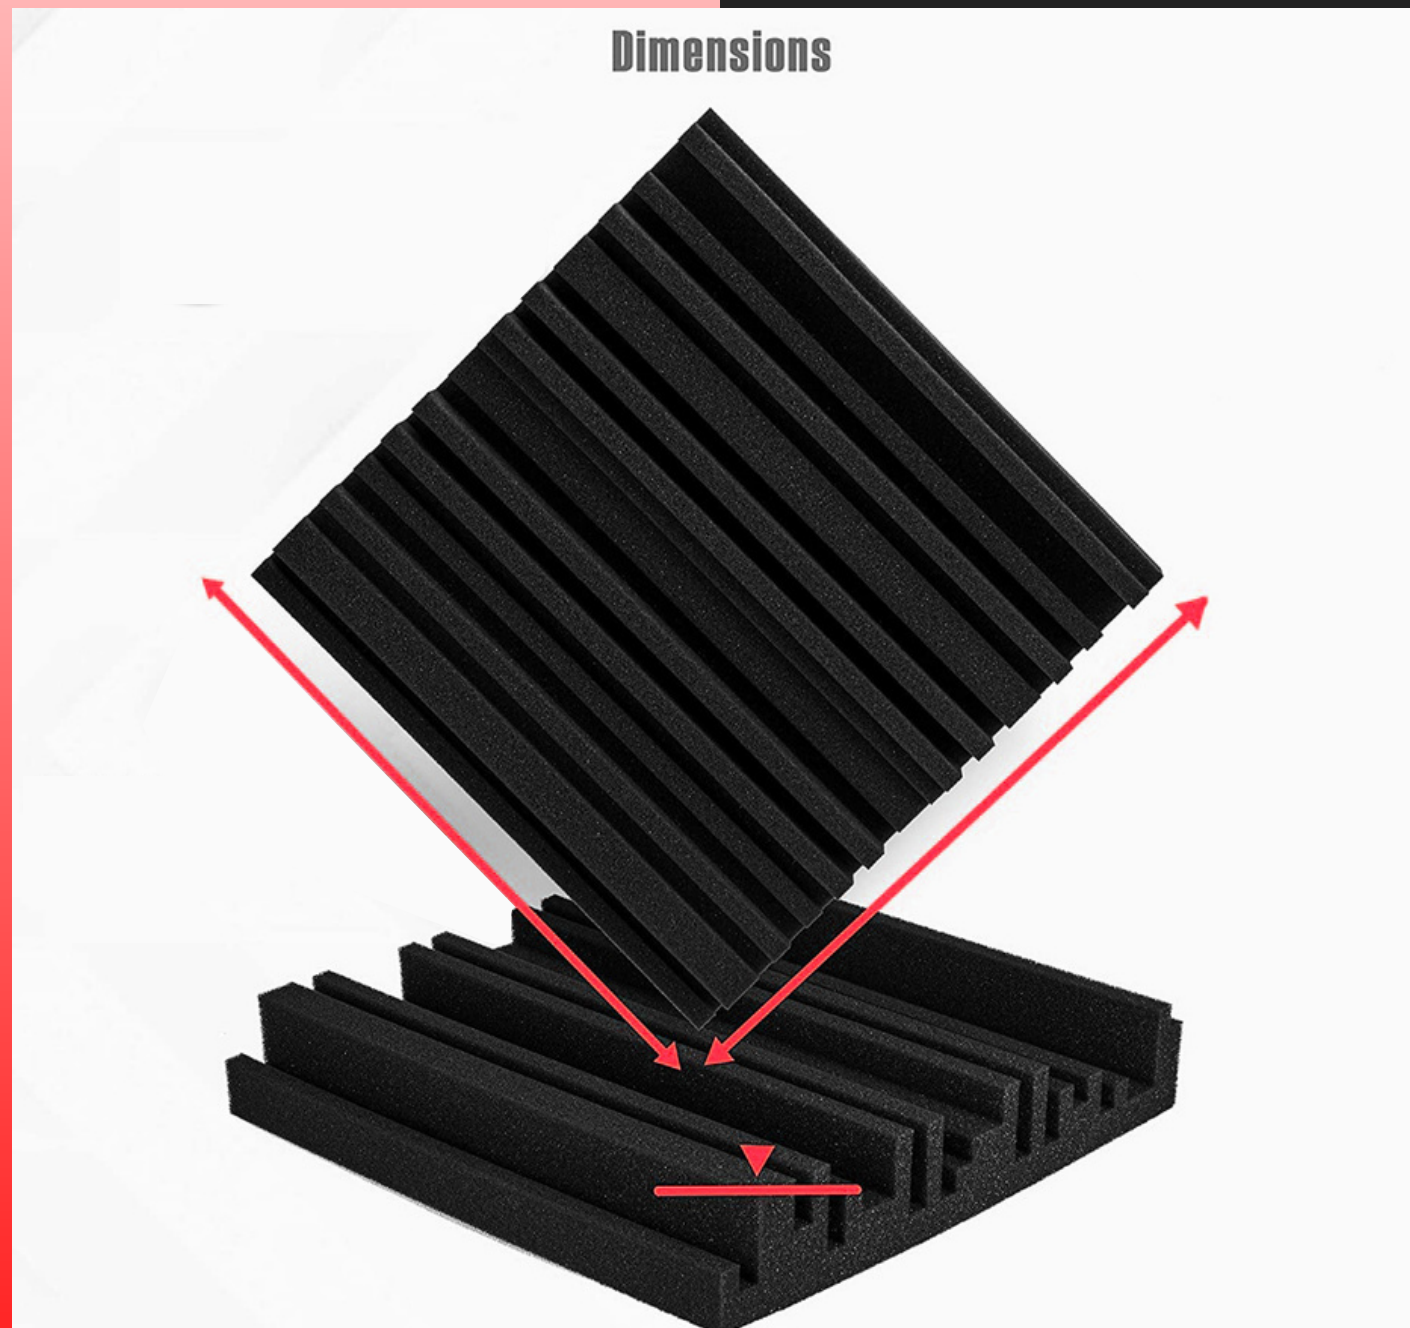

- Size : 1"x1" feet, 2"x2" feet, 6"x3" feet, and custom
- Thickness : 35mm, 50mm, 75mm, 100mm, 125mm and custom
- Colours : Charcoal, Red, Blue, Purple, Orange, Brown

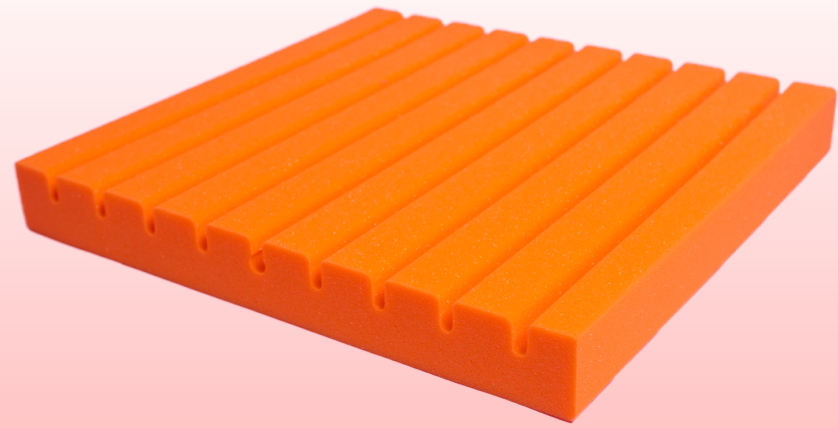

ECOFOAM

ACOUSTIC FOAMS

LINE DIFFUSER ACOUSTICS

- Size : 1"x1" feet, 2"x2" feet, 6"x3" feet, and custom
- Thickness : 50mm, 75mm, 100mm, 125mm and custom
- Colours :Charcoal,red,orange,blue

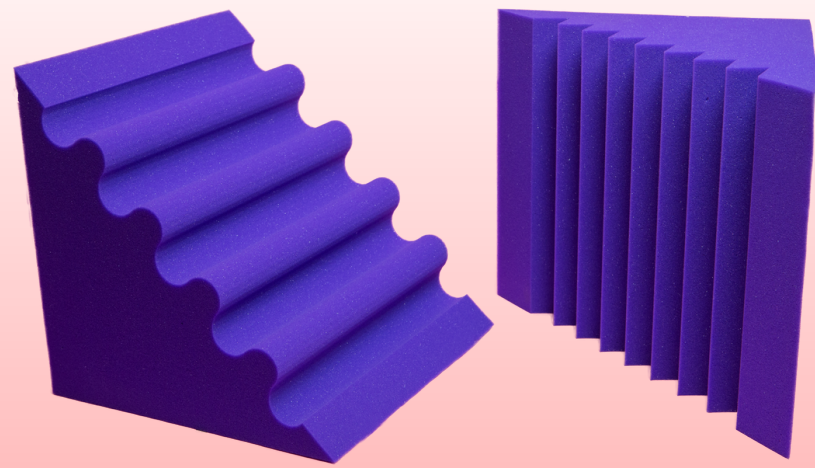

ECOFOAM

ACOUSTIC FOAMS

WOODX ACOUSTICS

- Size : 1"x1" feet, 2"x2" feet, 6"x3" feet, and custom
- Thickness : 50mm, 75mm, 100mm and custom
- Colours : Charcoal, Red, Blue, Purple, Orange, Brown

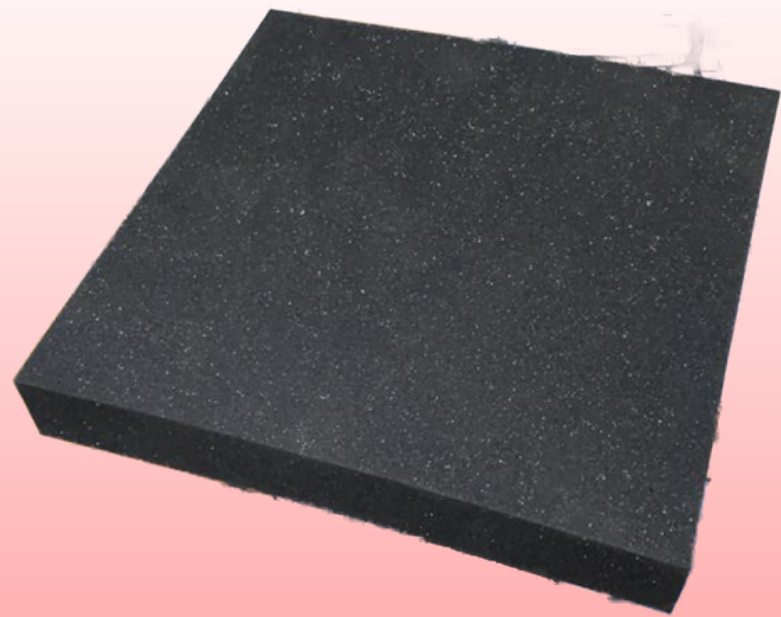

ECOFOAM

ACOUSTIC FOAMS

CORNER BASS TRAPS

- Width: 6" – 24" and Custom
- Height: 1'-4'
- Colour- Charcoal

ECOFOAM

ACOUSTIC FOAMS

PLAIN ACOUSTIC FOAM

- Size : 1"x1" feet, 2"x2" feet, 6"x3" feet, and custom
- Thickness : 12mm-200mm and custom
- Colours : Charcoal, Red, Blue, Purple, Orange, Brown

ECOFOAM

ACOUSTIC FOAMS

CUBE ACOUSTIC FOAM

- Length and width: 6,12",18" and custom
